*Join the National Health Service Corps and Receive
Financial Support for Serving Communities in Need*

NATIONAL HEALTH
SERVICE
CORPS 

By joining the 37,000 National Health Service Corps (NHSC) primary care medical, dental, and mental and behavioral health providers who have helped to bring quality health care where it is most needed, you will receive financial and other benefits to support this important and rewarding work. NHSC benefits include:

- The opportunity to **pay off all of your student loan debt** through the NHSC Loan Repayment Program, which starts with up to \$60,000 in loan repayment for a 2-year service commitment
 - **Resources** to help you in your job
 - Access to **educational, training, and networking opportunities**
 - A **community** of providers with a shared desire to serve patients with limited access to health care
- For students, the opportunity to receive tax-free **payment of tuition, required fees, and other education costs**, through the NHSC Scholarship Program
