

Scholarship Programs for Nurses

Nurse practitioner students can reduce their educational debt through the National Health Service Corps (NHSC) Scholarship Program or the NURSE Corps Scholarship Program. Administered by the U.S. Department of Health and Human Services, Health Resources and Services Administration, these scholarship programs support nurse practitioner students committed to working in communities with limited access to care. Students can apply to one program—or both—but may only accept a scholarship from one.

What are the similarities—and differences—between the programs? Take a look.

	NHSC Scholarship Program	NURSE Corps Scholarship Program
<p>Program Description</p> <p>Both the NHSC Scholarship Program and the NURSE Corps Scholarship Program award scholarships to nurse practitioner students in return for a commitment to provide health care in a community with limited access to care upon graduation and completion of training. But where you serve varies.</p>	<p>Minimum of two years of full-time service at an NHSC-approved site in a Health Professional Shortage Area of greatest need (areas of greatest need are determined annually). The total number of years of service that scholars fulfill will depend on the number of years of scholarship support that was received.</p> <p>Site types may be:</p> <ul style="list-style-type: none"> Federally Qualified Health Center (FQHC) FQHC Look-Alike Rural Health Clinic Hospital-affiliated Primary Care Outpatient Clinic Indian Health Service, Tribal Clinic, and Urban Indian Health Clinic (ITU) State or Federal Correctional Facility Private Practice (Solo/Group) Other Health Facilities: <ul style="list-style-type: none"> Community Mental Health Facility Community Outpatient Facility Critical Access Hospital Free Clinic Immigration and Customs Enforcement (ICE) Health Service Corps Mobile Unit School-Based Health Program 	<p>Minimum two-year service commitment (or part-time equivalent) at an eligible health care facility with a critical shortage of nurses in high need areas across the country.</p> <p>Must work in a public or private nonprofit Critical Shortage Facility, which is a health care facility located in, designated as, or serving a primary care or mental health HPSA</p> <p>Nurse faculty must be employed by an eligible public or private nonprofit school of nursing</p> <p>Site types may be:</p> <ul style="list-style-type: none"> Critical Access Hospital (CAH) Disproportionate Share Hospital (DSH) Public Hospital Private Hospital Federally Qualified Health Center (FQHC) Indian Health Service Health Center Native Hawaiian Health Center Rural Health Clinic State or Local Public Health or Human Services Department Nurse Managed Health Clinic/Center Urgent Care Center Certified Community Behavioral Health Clinic
