

FREE TRAINING TO PROVIDE MEDICATION-ASSISTED TREATMENT (MAT)

Do you want to help patients with opioid use disorder? Eligible health care providers have access to free training to obtain a DATA 2000 Waiver, which allows them to deliver medication-assisted treatment (MAT).

HRSA's National Health Service Corps (NHSC) is connecting you to this opportunity via SAMHSA's Providers Clinical Support System (PCSS).

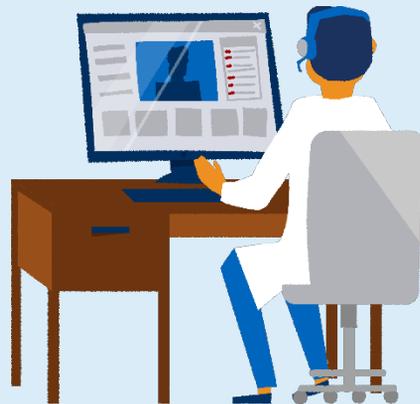

ELIGIBLE DISCIPLINES

- Physicians (MD or DO)
- Nurse Practitioners (NP)
- Physician Assistants (PA)
- Certified Nurse-Midwives (CNM)
- Certified Registered Nurse Anesthetists
- Medical Students

The Drug Enforcement Administration (DEA) issues DATA 2000 Waivers to qualified health care providers, allowing them to dispense the controlled substances used in MAT.

Visit nhsc.hrsa.gov/mat-training for additional information.

ABOUT THE TRAINING

- Free to complete
- Available in-person, hybrid, or online
- The MD/DO training course is eight hours
- NP, PA, CNM, and CNRA training courses are 24 hours

BENEFITS OF MAT TRAINING AND DATA 2000 WAIVER

- Help address opioid crisis
- Be more competitive for some NHSC funding opportunities
- Increase access to substance use disorder treatment in rural and underserved areas
